

## 2. Arbeitsplan für die Zeit der Schulschließung

Leider können wir uns nach den Osterferien noch nicht wieder persönlich treffen, um gemeinsam zu rechnen. Damit wir nach der Schulschließung aber erfolgreich starten können, ist es wichtig, dass du Zuhause fleißig übst! Ich freue mich schon auf unsere gemeinsamen Mathestunden, wenn es endlich wieder losgeht!

Deine Aufgaben für die nächste Zeit:

- ① Arbeite in deinem MiniMax bis zur Seite 51 (dabei brauchst du wahrscheinlich Hilfe von deinen Eltern)
  
- ② Löse die Aufgaben in deinem Übungsheft und hake im Plan ab, wenn du eine Seite fertig bearbeitet hast. Zeige sie deinen Eltern. (Das Übungsheft beginnt auf der nächsten Seite dieser Datei)
  
- ③ Übe mit der Anton-App und dem Indianerheft
  
- ④ Gehe viel an der frischen Luft spielen, spazieren und Fahrrad fahren und bleibe gesund!
